

LITTON PARISH COUNCIL

SUBJECT ACCESS REQUEST POLICY

What must we do?

1. **MUST:** On receipt of a subject access request we must **forward** it immediately to the Clerk for Litton Parish Council. (littonparishcouncil@gmail.com)
2. **MUST:** We must correctly **identify** whether a request has been made under the Data Protection legislation
3. **MUST:** The Clerk and as appropriate, Councillor, who receives a request to locate and supply personal data relating to a SAR must make a full exhaustive **search** of the records to which they have access.
4. **MUST:** All the personal data that has been requested must be **provided** unless an exemption can be applied.
5. **MUST:** We must **respond** within one calendar month after accepting the request as valid.
6. **MUST:** Subject Access Requests must be undertaken **free of charge** to the requestor unless the legislation permits reasonable fees to be charged.
7. **MUST:** Where a requestor is not satisfied with a response to a SAR, the council must manage this as a **complaint**.

How must we do it?

1. Notify the Clerk for Litton Parish Council upon receipt of a request.
2. We must ensure a request has been received in writing where a data subject is asking for sufficiently well-defined personal data held by the council relating to the data subject. We should clarify with the requestor what personal data they need. They must supply their address and valid evidence to prove their identity. The council accepts the following forms of identification (* These documents must be dated in the past 12 months, +These documents must be dated in the past 3 months):

3. Depending on the degree to which personal data is organised and structured, we will need to search emails (including archived emails and those that have been deleted but are still recoverable), Word documents, spreadsheets, databases, systems, removable media (for example, memory sticks, floppy disks, CDs), tape recordings, paper records in relevant filing systems etc. which our area is responsible for or owns.

4. We must not withhold personal data because we believe it will be misunderstood; instead, you should provide an explanation with the personal data. We must provide the personal data in an "intelligible form", which includes giving an explanation of any codes, acronyms and complex terms. The personal data must be supplied in a permanent form except where the person agrees or where it is impossible or would involve undue effort. We may be able to agree with the requester that they will view the personal data on screen or inspect files on our premises. We must redact any exempt personal data from the released documents and explain why that personal data is being withheld.

5. Make this clear on forms and on the council website

6. We should do this through the use of induction, by performance and training, as well as through establishing and maintaining appropriate day to day working practices.

7. A database is maintained allowing the council to report on the volume of requests and compliance against the statutory timescale.

8. When responding to a complaint, we must advise the requestor that they may complain to the Information Commissioners Office ("ICO") if they remain unhappy with the outcome.

Dear [Name of data subject]

[Examples include where one of the exemptions under the data protection legislation applies. For example the personal data might include personal data is ‘legally privileged’ because it is contained within legal advice provided to the council or relevant to on-going or preparation for litigation. Other exemptions include where the personal data identifies another living individual or relates to negotiations with the data subject. Your data protection officer will be able to advise if a relevant exemption applies and if the council is going to rely on the exemption to withhold or redact the data disclosed to the individual, then in this section of the letter the council should set out the reason why some of the data has been excluded.]

Yours sincerely”
